

Top Online Retailer Offering Exclusive Discount for U.K. E-Shoppers

A timely offer! This month, CSN Stores, a top 3 U.S. online retailer with 200+ speciality sites, is celebrating the one year anniversary of its U.K. debut. Since its arrival in December of '08 with CookwareByCSN.co.uk, CSN has launched four transactional e-boutiques across a wide variety of categories, including lighting and furniture. Each site places an emphasis on selection, service, and savings – the three keystones of a CSN Store – resulting in a hassle-free, efficient and wholly enjoyable shopping experience.

To celebrate our 1 year anniversary (and because we love your publication), **we wanted to offer you and your readers an exclusive 15% off coupon code.** Your readers would be able to use this code on any of our sites, including CookwareByCSN.co.uk, FurnitureByCSN.co.uk, LightingByCSN.co.uk, and more. We could set this up whenever, so if you'd like to partner up for a Valentines Day Exclusive Coupon Code, we could certainly hold off until then. But, with just over a week left until Christmas, we could make a code this afternoon so you could send it out as a **Last Minute Shoppers Special.** Whatever works for you.

Please let me know if you'd like a little more information on this discount or CSN Stores in general. I'd also be more than happy to discuss CSN's expansion and its future plans (we have a Modern and Outdoor site expected to launch within the next six months). Thanks again and Happy Christmas!
