

# New Chair Is “Impossible” To Resist

CSN Features Mr. Impossible, An Innovative Kartell Creation  
As Structurally Baffling As It Is Visually Arresting

Say hello to Mr. Impossible – in the form of high-end home decor. Like some other Mr. Impossibles in life, this one sits around looking great. But there’s a real difference here, too. This Mr. Impossible can be enjoyed by everyone (as there’s no risk he’ll say something to ruffle any feathers.)

The first chairs in this new line are slated to arrive in the U.S. in late March or early April and CSN will be the first online retailer to offer them -- on [allmodern.com](http://allmodern.com). This inventive and contemporary new Kartell offering has personality to spare. Take one look at its cutting-edge design and diverse color selections and you’ll see why.

Perfect for the woman drawn to the beautiful and the complicated, this Mr. Impossible is named for its innovative design that defies logic. No chair has ever been created this way. The result is a stunning and comfortable 21<sup>st</sup> Century seating solution. These unique chairs are available in warm, vibrant and elegant colors that will bring out the best in every room, making them ideal for late spring/early summer makeovers or gifts for Mother’s Day or Graduation.

Only a limited number will be available in the coming months, so those who think achieving a stylish spring or summer would be “impossible” without one should go to [www.allmodern.com](http://www.allmodern.com).

The CSN Stores/AllModern Price is a very reasonable \$490.
