

## In the Nursery: A Lamp for Your Budding Artist

This teddy bear lamp by Offi is a fun accent piece that your child can personalize by drawing on it. Change the bear's look many times with the washable markers that come with the lamp.

Offi also makes an adorable puppy lamp (below photo) that you can draw on, too. Both Offi Lamps are available in white, yellow, green, hot pink and orange and are made of non-toxic molded plastic.

Buy the **Offi TerriBear Jr.** and buy the **Offi HoweePup Jr.** for \$59 each plus free shipping.

And check out our past post on the **Offi Dachshund Lamp.** (My personal favorite, being a dachshund owner!)

**Buy all three Offi Lamps at All Modern Lighting.**
