## Mom and Baby: A Holiday Grab Bag

By Bonnie Kimberly Taylor

New moms always remember first holidays with their baby, so add to their pleasure with one or more of these stress-saving, soothing or simply fantastic items. Though it's a blissful time, it's far from easy, and many of these products will render those sleepless nights far more enjoyable.

The **Offi Dachshund Pet Lamp** doubles as décor and a delightfully original lighting source for nurseries or children's rooms. Shaped like a dachshund, it's perfect for dog-lovers and children alike, and available in a variety of colors. Made of non-toxic plastic, it casts a soft glow that lulls baby to sleep.
