"The holiday season is intended to be a time to celebrate and show generosity," said CSN Gift Guru Dave Ladetto. "Problem is, this year, financial worries are heightened, while the desire to give loved ones a boost through a nice gift is also more pronounced. Though it's difficult to balance both of these needs, we've helped to pinpoint many presents that will offer the perfect solution."

To aid the shopper with a heavy list and a light wallet, CSN's knowledgeable and caring gift experts have culled the most exciting items under \$50, and also handpicked the Top 10 Trendiest Gifts for those who don't have the time to scan 50 different options.

"In past years, gifts under \$50 were reserved for stockings or the Yankee Swap, with the more expensive gifts being saved for the big day," comments Ladetto. "With our list this year, we wanted to find affordable gifts that shoppers can still present as the 'big' gift."

Items on the Thrifty Fifty, such as the new Aspire Boarding Bag from Samsonite or the innovative Alessi 'Pop-Up' Bottle Cap Remover, have been selected, not simply due to their price, but because they're some of the hottest, most popular items now.

To assist as many budget-conscious shoppers as possible, CSN has created an easy-to-use Thrifty Fifty Gift List home page (<http://www.csnstores.com/50Under50>) and has also forwarded the information to many loyal customers.
