### Easter dessert shaped like a bunny

April 6, 2009

This is the time of year when it's fun to make festive desserts, so I'm always on the look out for interesting bakeware. One of the pans I found this spring is a three-dimensional bunny cake pan from CSN Stores. By Nordicware and priced at \$19.99, it's a great mold because once your cake comes out of the oven, you can use your own creative genius to decorate it however you like.

The folks at CSN told me that this is now one of their top 100 sellers (out of more than one million products.) To find it once you're on the [CSN website](#), just type in "bunny cake pan" or "bunny cake mold."

My other favorite sites for bakeware include [Sur La Table](#), [Williams-Sonoma](#), and [Broadway Panhandler](#). Check out these sites for some interesting solutions for how to make your Passover and Easter desserts sparkle.
