## How green is my couch?

Hey, it's that time of year.

Bring out the green couches, win or lose.

So, just in time for March Madness, check out this sweet Michigan State Pub Sofa from Baseline, on sale for \$649 at [CSNstores.com](http://CSNstores.com).

Actually, the sofa also comes in maize and blue for Michigan fans, as well as for pro teams like the Lions, Pistons and Tigers.

And the Web site has lots of other sports-oriented furniture and household goods to offer as well.
