## ✦ A RAVE-WORTHY BARGAIN:

### Proctor Silex 22605 2-Slice Toaster

This two-slice toaster is a real steal, says Ethan Holmes, executive chef at Taverna Restaurant in Austin, Texas. "It's cool to the touch even though it makes hot toast, and it's easy to clean, so you never get those dirty old crumbs that can give your toast a charcoal flavor," he says. "And unlike other inexpensive toasters, it browns beautifully on both sides!"
